

Welcome Who We Are What We Do Resources How We Work Where We Are Going How We Meet Our Customers' Needs

United States Army  
**Redstone Technical Test Center (RTTC)**

**Employment Information**

## Ten Solid Reasons for Joining the RTTC Team

### Reason #5

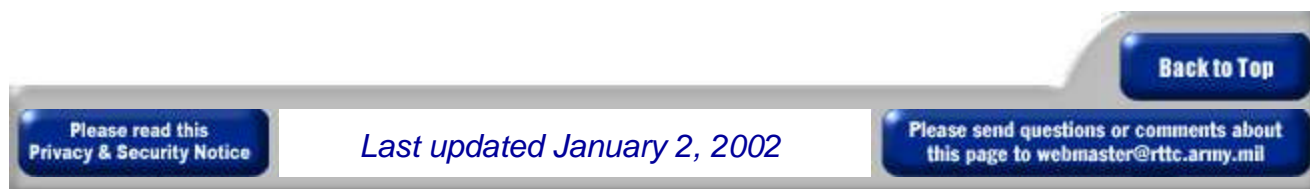

EMC test of RC-12K aircraft in Wiesbaden, Germany

Good promotional opportunities for degreed engineers that enable you to progress quickly to a "project/working level" engineer grade of GS-12.

- All degreed engineers, when hired, are placed in an accelerated "training program" that enables them to quickly progress from their starting grade to a "project/working level" engineer grade of GS-12. For comparison purposes, senior engineers, within RTTC, start at the grade of GS-13.
- Within-Grade Step Increases in Salary insure competitive compensation
- **There is plenty of "room for advancement."** RTTC is not the type organization where good work is overlooked. You are granted the opportunity to advance your career through technical and personal achievements. Additionally there are many paths for advancement including technical and managerial.
